Stade I	Approuvé (Le 31 octobre 2016)
University of Fredericton				
Master of Business Administration / Executive Master of Business Administration	Existing; Conditional Designation	The University of Fredericton offers online MBA and EMBA programs under the New Brunswick Degree Granting Act. To obtain either the MBA or the EMBA, students complete 15 courses, including 11 foundational courses, 3 courses in a selected specialty stream and an end-of-program integration project. The programs are being assessed as per the Minister's (2014) condition to designation and in accordance with the <i>Procedures and Information Requirements for the Follow-Up on Conditional Program Designations</i> .	NBDGA	Pending consideration by the AAC at its next meeting
University of New Brunswick				
Master of Engineering in Environmental Engineering	Termination	The University of New Brunswick is proposing to terminate this program due to minimal interest and low enrolments. Students will still be able to study the environmental component through the Chemical Engineering program.	To be determined	Pending response from UNB

Yorkville University				
Master of Arts in Counselling Psychology	Existing; Conditional Designation	Yorkville University offers an online MACP program under the New Brunswick Degree Granting Act. To obtain the degree, students complete 16 courses, including 12 required courses, 3 electives chosen from a list and a required practicum. The program is being assessed as per the Minister's (2014) condition to designation and in accordance with the <i>Procedures and Information Requirements for the Follow-Up on Conditional Program Designations</i> .	NBDGA	Pending response from Yorkville
Doctor of Psychology (Counselling)	New	Yorkville University's proposed Doctor of Psychology (Counselling) is a profession-oriented doctoral-level program rooted in the "scholar-practitioner" model of professional education. Students are required to earn 53 credits distributed across course work (36 credits), practica (12 credits), and a major project (5 credits); two comprehensive competency assessments comprise parts of the major project. To be considered for admission, applicants must possess a master's degree in counselling and substantial experience in counselling or a related discipline.	NBDGA	Pending response from Yorkville
NOUVELLE-ÉCOSSE				
Acadia University				
Bachelor of Arts, Women's Studies to Bachelor of Arts, Women's and Gender Studies (with co-op option)	Modification	Acadia is proposing to change the name of its BA in Women's Studies to a BA in Women's and Gender Studies. The modification also includes the addition of an introductory course and a 4000-level course, as well as honours and co-op options.	Stage I	Approved (September 7, 2016)
<i>Addition of co-operative education option to:</i> Bachelor of Arts, Environmental and Sustainability Studies Bachelor of Arts, Environmental and Sustainability Studies, with Honours	Modification	Acadia is proposing to introduce a co-operative education option to its BA in Environmental and Sustainability Studies programs. To obtain the co-op designation, students will complete three 4-month work terms, or a 12 or 16 month internship, in addition to the standard degree requirements; with this addition, it will typically take students one semester longer to complete their degree.	Stage I	Approved (October 5, 2016)
Atlantic School of Theology				
Aucune proposition n'est actuellement à l'étude				
Cape Breton University				
Bachelor of Business Administration, Major in Supply Chain Management	New	CBU is proposing to add a Major in Supply Chain Management to complement its existing Majors within the BBA. To obtain the proposed Major, students complete 60ch of core BBA courses, 24 credits specific to Supply Chain Management (18ch of required courses and 6ch chosen from a select list), and an additional 36ch of electives.	Stage II	Approved (October 5, 2016)
Dalhousie University				
MSc/PhD in Psychology to MSc/PhD in Psychology and Neuroscience	Modification	Dalhousie is proposing to change the name of both its MSc and PhD in Psychology and its MSc and PhD in Psychology/Neuroscience to MSc and PhD in Psychology and Neuroscience.	Stage II	Pending response from Dal

Aucune proposition n'est actuellement à l'étude				
Nova Scotia College of Art and Design University				
Master of Design	Modification	NSCAD is proposing to change its current MDes from a one-year, 42 credit program to a two-year, 60 credit program. In the modified program, students are expected to complete three Intensive Design Workshops, three Studio Projects, three Studio Workshops, three Design Seminars, a Design Research course, a Design History course, and a Final Project. Elective options will also be available. The modifications are intended to respond to student feedback and also to allow the program to meet the National Association of Schools of Art and Design (NASAD) standards.	Stage II	Pending Stage II request

Saint Mary's University				
Master of Science in Applied Psychology (Forensic Psychology Stream)	Modification	SMU is proposing to add a stream in Forensic Psychology to its existing Master of Science in Applied Psychology (which includes a stream in Industrial/Organizational Psychology). The new stream would offer three new courses (Forensic Tests and Measurement, Correctional Psychology, and Criminal Justice Field Experience) and require completion of Advanced Statistics, three Psychology electives, a thesis, and a practicum in a correctional or criminal justice setting.	Stage II	Pending consideration by the MPHEC at its next meeting
