

Projets de programme évalués (2018-2019)

Du 1er avril 2018 au 31 mars 2019

Les renseignements concernant les programmes sont fournis dans la langue de l'établissement.

Programme	Date de réception	Type de projet	Description du programme	Désignation régionale (si approuvé)	Type d'évaluation	Décision
Acadia University						
Bachelor of Computer Science with Specialization to Bachelor of Applied Computer Science (multiple programs)	13 février 2018	Modification	Acadia is proposing to replace its existing Bachelor of Computer Science with Specialization (in Software Development, Game Development, and Mobile and Ubiquitous Computing) with a new Bachelor of Applied Computer Science. Students complete 42ch of required Computer Science courses, 24ch of other core degree requirements and choose from among the following three possible paths of study (54ch each): (1) Interdisciplinary Study (including completion of a Minor); (2) Defined Option (includes the equivalent of the three previously-approved specializations and a new option in Data Analytics); or (3) Second Major.	Non régional	Stade II	Approuvé avec conditions* (13 février 2019)
Master of Recreation Management to Master in Community Development	22 mai 2018	Modification	Acadia is proposing to modify its Master of Recreation Management to a Master in Community Development to better describe the evolution of the field and the expertise and content of the program as currently offered. To obtain the degree, students complete three courses (a seminar, a research methods course, and a directed readings course), a practicum, and a thesis.	Régional, N.-B. et I.-P.-É (offert en N.-É.)	Stade I	Approuvé (8 août 2018)
Bachelor of Science with Major in Economics or Bachelor of Science with Double Major in Economics	19 octobre 2018	Nouveau programme	Acadia is proposing a BSc in Economics (Major, Double Major, Honours, and Honours with Double Major options) to complement its BA in Economics. The program would be comprised of existing Economics courses with increased requirements in Mathematics and Computer Science. Honours students would choose between a thesis and a coursework option.	À déterminer	Stade II	À l'étude
Bachelor of Science with Honours in Economics or Bachelor of Science with Double Major in Economics with Honours	19 octobre 2018	Nouveau programme	Acadia is proposing a BSc in Economics (Major, Double Major, Honours, and Honours with Double Major options) to complement its BA in Economics. The program would be comprised of existing Economics courses with increased requirements in Mathematics and Computer Science. Honours students would choose between a thesis and a coursework option.	À déterminer	Stade II	À l'étude
Atlantic School of Theology						
Aucune proposition n'est actuellement à l'étude						
Cape Breton University						
Diploma in Public Administration and Management	12 février 2018	Modification	CBU is proposing to modify its Diploma in Public Administration and Management from a 42ch program to a 60ch program. Courses in qualitative and quantitative research methods, and a senior seminar, will now be required (12ch total), along with six additional credits in electives. Program length will extend from 1.5 year full-time and three years part-time to two years full-time and four years part-time.	Non régional	Stade I	Approuvé avec conditions* (26 avril 2018)
Bachelor of Arts (addition of co-op option) (multiple programs)	6 avril 2018	Modification	CBU is proposing to add a co-op option to all existing BA, BACS, and BBA programs. This would allow students completing co-op work terms (first introduced in 2015) to receive credit and formal recognition of their co-op experience; the proposed co-op program is designed to meet Cooperative Education and Work-Integrated Learning (CEWIL) standards.	Divers	Stade I	Approuvé* (27 août 2018)
Bachelor of Arts Community Studies (addition of co-op option) (multiple programs)	6 avril 2018	Modification	CBU is proposing to add a co-op option to all existing BA, BACS, and BBA programs. This would allow students completing co-op work terms (first introduced in 2015) to receive credit and formal recognition of their co-op experience; the proposed co-op program is designed to meet Cooperative Education and Work-Integrated Learning (CEWIL) standards.	Divers	Stade I	Approuvé* (27 août 2018)
Bachelor of Business Administration (addition of co-op option) (multiple programs)	6 avril 2018	Modification	CBU is proposing to add a co-op option to all existing BA, BACS, and BBA programs. This would allow students completing co-op work terms (first introduced in 2015) to receive credit and formal recognition of their co-op experience; the proposed co-op program is designed to meet Cooperative Education and Work-Integrated Learning (CEWIL) standards.	Divers	Stade I	Approuvé* (27 août 2018)
Bachelor of Engineering Technology, Chemical Bachelor of Engineering Technology, Advanced Chemical	26 septembre 2018	Nouveau programme	CBU is proposing a fifth Bachelor of Engineering Technology program that would include a three-year (90-credit) Chemical degree and a four-year (120-credit) Advanced Chemical degree. The program would consist of existing courses in Chemistry, Engineering, Physics, Math, etc.: students also have the option of completing one-to-two Directed Studies courses or work terms.	À déterminer	Stade II	À l'étude
Bachelor of Arts and Science in Environment (addition of co-op option)	23 janvier 2019	Modification	CBU is proposing the addition of a co-op option to its Bachelor of Arts and Science (BASE) in Environment. The co-op option is designed to meet Cooperative Education and Work-Integrated Learning (CEWIL) standards.	Non régional	Stade I	Approuvé (26 mars 2019)

*La proposition a été modifiée à suite du processus d'évaluation du programme.

Programme	Date de réception	Type de projet	Description du programme	Désignation régionale (si approuvé)	Type d'évaluation	Décision
Dalhousie University						
Master of Arts in Economics	20 avril 2018	Modification	Dal is proposing to modify its existing MA in Economics to encourage the completion of the thesis by reducing the number of required courses in the thesis stream and relaxing requirements to secure a supervisory committee early in the program. The modifications also include elimination of the essay-based option, creating a distinct course-only stream, and increasing opportunities for students to take elective courses in both options.	Régional, I.-P.-É (offert au N.-B. et en N.-É.)	Stade II	Approuvé (13 février 2019)
Master of Development Economics	20 avril 2018	Modification	Dal is proposing to modify its existing Master of Development Economics by reducing the number of required courses and increasing electives; reducing the number of required courses in the thesis stream and relaxing requirements to secure a supervisory committee early in the program; allowing students without honours bachelor's degrees to apply to the program; phasing out the two-year option; and refocusing course names/content to align with program pedagogical goals.	Régional, N.-B. et I.-P.-É (offert en N.-É.)	Stade II	Approuvé* (13 février 2019)
Master of Science in Business (with specializations in Finance, Marketing, Managing People and Organizations, and Management Information Systems)	18 mai 2018	Nouveau programme	Dal is proposing a full-time MSc in Business to be completed over 16 months (four semesters) of full-time study commencing and ending in fall semesters. A part-time option is not proposed. To obtain the 30ch degree, students complete a compulsory non-credit Research Workshop, 18ch of coursework (defined by the chosen area of specialization), and a 12ch thesis.	Régional, N.-B. et I.-P.-É (offert en N.-É.)	Stage I	Approuvé (27 août 2018)
Bachelor of Management (multiple programs)	22 mai 2018	Modification	Dal is proposing to modify core courses within its Bachelor of Management (BMgt) degree in response to the results of internal and external reviews. Among other changes, the modified program includes revisions to introductory courses, the addition of new courses in Data Literacy, Ethics and Social Responsibility, Data Analytics and Applied Research, and the introduction of a new capstone course in fourth year. The changes affect all iterations of the BMgt program.	Non régional	Stade I	Approuvé avec conditions* (3 octobre 2018)
Bachelor of Health Science in Diagnostic Cytology Diploma in Health Sciences (Diagnostic Cytology)	28 mai 2018	Abolition	Dal is proposing to terminate these programs due to changes within this medical field and reduced employment opportunities for graduates.	Sans objet	Stade I	Approuvé (27 juin 2018)
Master of Library and Information Studies to Master of Information (multiple programs)	7 décembre 2018	Modification	Dal is proposing to change the name of its two-year Master of Library and Information Studies (MLIS) to a Master of Information (MI) to: reflect more accurately the program content and goals; be more inclusive of the career options possible through the degree; and enhance recruitment to emerging areas (e.g., information governance, big data, open data). To obtain the degree, students complete eight core courses, eight electives (one of which must be an advanced technology course) and a non-credit practicum. A thesis option is also available, which would replace four of the elective courses. The name change would also apply to its three combined MLIS degree programs.	Régional, N.-B. et I.-P.-É (offert en N.-É.)	Stade I	Approuvé (14 février 2019)
Master of Social Work	7 décembre 2018	Modification	Dal is proposing to modify its existing one-year Master of Social Work (MSW) to become a two-year program with two entry points: Students with an undergraduate honours degree and related practical experience will be admitted into the two-year program; students who have already graduated from a Bachelor of Social Work will receive Advanced Standing and proceed directly to Year 2. Year 1 of the two-year program will only be available via face-to-face, full-time delivery; Year 2 (and the Advanced Standing program) can be completed face-to-face or online, full-time or part-time.	Régional, N.-B. et I.-P.-É (offert en N.-É.)	Stade I	Approuvé (25 mars 2019)
Dentistry Qualifying Program (DQP)	14 décembre 2018	Modification	Dal is proposing to modify its Dentistry Qualifying program that provides a path for Canadian licensure for internationally-trained dentists. The proposed modifications are intended to reduce workload for students and faculty, while ensuring students have the requisite knowledge and skills, and make better use of resources. Rather than requiring students to complete a 19-week compressed summer module in advance of joining Year 3 of the DDS (with additional requirements for Qualifying Program students in parallel to the Year 3 work), students will now enroll directly into Year 2 of the DDS (as first-year Qualifying Program students) and on successful completion will proceed to Year 3.	Non régional	Stade I	Approuvé (25 mars 2019)
Master of Science in Community Health and Epidemiology to Master of Science in Epidemiology and Applied Health Research	15 janvier 2019	Modification	Dal is proposing to change the name of its MSc in Community Health and Epidemiology to now be a MSc in Epidemiology and Applied Health Research. The modification also includes a reduced number of required core courses (from five to four) resulting in a reduction in the overall number of courses required to complete the degree (from eight to seven).	Régional, N.-B. et I.-P.-É (offert en N.-É.)	Stade I	Approuvé (15 mars 2019)

*La proposition a été modifiée à suite du processus d'évaluation du programme.

Dalhousie University (suite)						
Bachelor of Science in Pharmacy to Doctor of Pharmacy	17 janvier 2019	Modification	Dal is proposing to transition its existing (123ch) Bachelor of Science (Pharmacy) to a (161ch) Doctor of Pharmacy (PharmD); the change is required to maintain accreditation by the Canadian Council for Accreditation of Pharmacy Programs for the entry-to-practice credential. In addition to the name change, other modifications include an increase in prerequisite requirements (two years, up from the currently required one year), an additional 20 weeks of practice experience (40 weeks, up from 20 weeks in the BScP), as well as a number of modified/additional required and select elective courses.	Régional, N.-B. et I.-P.-É (offert en N.-É.)	Stade I	Approuvé avec conditions (18 mars 2019)
Master of Science in Anatomy and Neurobiology to Master of Science in Medical Neuroscience	20 février 2019	Modification	Dal is proposing multiple modifications to both its MSc and PhD in Anatomy and Neurobiology including a name change (from Anatomy and Neurobiology to Medical Neuroscience) as well as modifications to the program structure, renaming of several courses, splitting a current 6ch course into two 3ch courses, and the addition of a compulsory (1ch) seminar course.	À déterminer	À déterminer	À l'étude
PhD in Anatomy and Neurobiology to PhD in Medical Neuroscience	20 février 2019	Modification	Dal is proposing multiple modifications to both its MSc and PhD in Anatomy and Neurobiology including a name change (from Anatomy and Neurobiology to Medical Neuroscience) as well as modifications to the program structure, renaming of several courses, splitting a current 6ch course into two 3ch courses, and the addition of a compulsory (1ch) seminar course.	À déterminer	À déterminer	À l'étude
<i>Addition of co-op option to:</i> Bachelor of Arts, Double Major or Combined Honours in Environment, Sustainability and Society & Bachelor of Science, Double Major or Combined Honours in Environment, Sustainability and Society	21 mars 2019	Modification	Dal is proposing to add a co-operative education option to its BA and BSc Double Major and Combined Honours programs in Environment, Sustainability and Society (ESS). The co-op option will provide ESS students with an opportunity to integrate academic studies with active, 'hands-on' work in an approved job placement. Students pursuing the ESS co-op option would alternate periods of full-time academic study with three paid work placements relevant to their ESS degree and/or future careers.	À déterminer	À déterminer	À l'étude
Mount Allison University						
Bachelor of Commerce with Aviation Management	1 novembre 2018	Nouveau programme	MTA is proposing a 120-credit BComm with Aviation Management to complement its existing Interdisciplinary BSc, Major in Aviation. The program is intended to train future managers and administrators in the aviation industry. The program is mainly comprised of the Commerce Core curriculum plus a course in the Business of Aviation and transfer credits in Aviation.	À déterminer	Stade II	À l'étude
Bachelor of Science, Honours in Cognitive Science	14 janvier 2019	Modification	MTA is proposing to introduce a BSc, Honours in Cognitive Science to complement its existing BSc Major. To obtain the degree, students complete the requirements of the Major, an additional nine credits of courses from a select list and a thesis.	Non régional	Stade I	Approuvé (15 mars 2019)
Mount Saint Vincent University						
Aucune proposition n'est actuellement à l'étude						
Nova Scotia College of Art and Design						
Master of Fine Arts (Fine & Media Arts) and Master of Fine Arts (Craft) to Master of Fine Arts (Studio)	27 février 2018	Modification	NSCAD is proposing to unify its existing MFA in Fine & Media Arts and MFA in Craft to a single MFA in Studio program. In addition to that change, the number of credits required for the degree will increase from 42ch to 60ch, with a required zero credit forum now assigned credit and added electives, including off-campus and internship options. Students will now also have the option to complete the degree on a part-time basis.	Régional, N.-B. et I.-P.-É (offert en N.-É.)	Stade I	Approuvé* (30 mai 2018)
Master of Arts in Art Education	3 avril 2018	Nouveau programme	NSCAD is proposing to introduce an updated version of its former MA in Art Education (MAEd), which has been in abeyance since 2004. Students in the proposed program would choose to study in one of three streams (Developmental Modalities, Museum/Curatorial, or Community Engagement), and complete 36 credits from core and stream-specific courses, a thesis, and a 240-hour practicum.	Régional, N.-B. et I.-P.-É (offert en N.-É.)	Stade I	Approuvé avec conditions (18 août 2018)
Saint Mary's University						
Post-Baccalaureate Certificate in Applied Economics	1 novembre 2017	Nouveau programme	SMU is proposing a Post-Baccalaureate Certificate in Applied Economics to complement their existing Master in Applied Economics. The proposed certificate is a course-based program, completed over one year that requires 18 credit hours of study (nine credit hours of new required courses and nine credit hours of electives).	Sans objet	Stade II	Retiré* (16 janvier 2019)
Bachelor of Arts, (Major or Honours) in Social Justice and Community Studies	28 novembre 2018	Nouveau programme	SMU is proposing to add a 39-credit Major and a 60-credit Honours option to its existing 24-credit Minor in Social Justice and Community Studies (SJCS). This interdisciplinary program would consist of existing (and some new) SJCS courses, required courses from English Language and Literature and/or Religious Studies or History, as well as cross-listed courses from other departments relating to race, gender, class and colonialism. All SJCS students are required to complete a service-learning course (SJCS 4370 or SJCS 4739). Students in the Honours program must take one additional required SJCS course and complete 12ch more upper-level SJCS electives than those in the Major, as well as write a 6ch Honours thesis.	Non régional	Stade I	Approuvé (31 janvier 2019)

*La proposition a été modifiée à suite du processus d'évaluation du programme.

St. Francis Xavier University						
Bachelor of Arts, Women and Gender Studies (Major, Advanced Major, Joint Major, Joint Advanced Major) to Bachelor of Arts, Women and Gender Studies (Major, Joint Major, Honours with Subsidiary Subject)	5 décembre 2017	Modification	StFX is proposing to replace its Bachelor of Arts Advanced Major and Joint Advanced Major programs in Women's and Gender Studies (WMGS) with a new Honours with Subsidiary option. To obtain the Honours with Subsidiary, students will be required to complete 48 credits in WMGS courses (including five required courses, a non-credit junior seminar in third year, and a thesis) plus 24 credits in a Subsidiary Subject.	Non régional	Stade I	Approuvé* (2 août 2018)
Bachelor of Music (<i>multiple programs</i>) Bachelor of Arts in Music (<i>multiple programs</i>) Diploma in Jazz Studies	7 décembre 2017	Modification	StFX is proposing to terminate its Diploma in Jazz Studies and to replace three degree programs [Bachelor of Arts Honours and Advanced Major in Music as well as the BA in Music (Jazz Studies)] with a new Bachelor of Music. In addition to these changes, the Bachelor of Music with Honours, BA Major in Music, and BA Joint Major in Music will be modified.	Non régional	Stade II	Approuvé avec conditions* (27 juin 2018)
Bachelor of Arts and Science in Climate and Environment	11 décembre 2017	Nouveau programme	StFX is proposing a new four-year (120cr) Bachelor of Arts and Science in Climate and Environment intended to provide students with an introduction to the broad spectrum of interdisciplinary studies in these topic areas. To obtain the BASc degree, students complete 24 credits of core courses, 12 credits in Humanities, 72 credits across the two concentration areas: (1) Climate and (2) Environment (48ch in the student's chosen primary area and 24ch in the secondary area) plus 6-12 credits of open electives. To obtain the Honours, a 6ch thesis is required in the student's primary concentration area. A co-op option will be available in later years.	Régional, N.-B. (offert au Î.-P.-É. et en N.-É.)	Stade I	Approuvé (10 avril 2018)
Bachelor of Science in Nursing, Accelerated option for LPNs - Online	19 mars 2019	Modification	StFX is proposing to introduce an online delivery option to complement its on-campus BScN, Accelerated Option for LPNs, which was approved in 2016. The proposed online delivery option requires the same course content as the on-campus program but is completed over three years (nine semesters) part-time study, rather than five semesters of concurrent full-time enrolment, following completion of the two-term bridging component. Students in the online program are required to participate in three intensive on-campus sessions to practice skills in a simulation lab.	À déterminer	À déterminer	À l'étude
St. Thomas University						
Bachelor of Arts, Major in Journalism	3 juillet 2018	Modification	STU is proposing to modify its program in response to the recommendations of an external review. Several courses will be replaced with new ones while others will be modified with the primary objective to incorporate more multi-media content through the curriculum. The number of credits for the Major overall has been reduced from 42ch to 36ch to be aligned with other STU BA Majors; courses will also now be open to students outside the Major in Journalism.	Non régional	À déterminer	À l'étude
Bachelor of Social Work	17 janvier 2019	Modification	STU is proposing to move from a 15-month, post degree BSW program to a two-year BSW program that students can pursue after completing two years of undergraduate study in the liberal arts (that includes two pre-requisite social work courses). In the two years (60ch) of the BSW-specific content, students complete required courses in social work theory, group work theory, research methods, social work policy, etc. and two field placements.	À déterminer	À déterminer	À l'étude
Master of Social Work	17 janvier 2019	Nouveau programme	STU is proposing to introduce a new Master of Social Work (MSW). The MSW will be a one-year, full-time program open to students with a BSW. To obtain the degree, students complete three (6ch, each) required courses in theory, research methods, and social work policy and then choose to complete either a (450 hour) field placement or a thesis.	À déterminer	À déterminer	À l'étude
Université de Moncton						
Certificat en éducation aux adultes à Certificat en andragogie	29 septembre 2017	Modification	L'UdeM propose d'apporter des modifications à son Certificat en éducation aux adultes, y compris un changement de titre Certificat en andragogie et une réduction du nombre de crédits exigés. Les modifications découlent de recommandations faites par un comité consultatif.	Non régional	Stade I	Approuvé (22 mai 2018)
Certificat en gestion de la sécurité de l'information des entreprises	6 octobre 2017	Nouveau programme	L'UdeM propose un nouveau certificat de 24 crédits, Certificat en gestion de la sécurité de l'information des entreprises. Pour obtenir le certificat, les étudiants doivent suivre huit cours obligatoires. Le programme vise les professionnels qui veulent élaborer des outils concrets pour améliorer la sécurité de leur entreprise. Ce programme sera offert en ligne et à temps partiel seulement.	À déterminer	À déterminer	À l'étude
Maîtrise en éducation (enseignement-ressource)	28 mai 2018	Modification	L'UdeM propose d'offrir son Maîtrise en éducation (mention enseignement-ressource) totalement en ligne. La programme de 30 crédits a été approuver en mode traditionnelle lors d'un projet de modifications aux programmes de M.Éd. existantes de 2016.	Régional, N.-É. et I.-P.-É. (offert au N.-B.)	Stade I	Approuvé (23 août 2018)

*La proposition a été modifiée à suite du processus d'évaluation du programme.

Programme	Date de réception	Type de projet	Description du programme	Désignation régionale (si approuvé)	Type d'évaluation	Décision
Université de Moncton (suite)						
Certificat de 2e cycle en littérature et francisation	11 juin 2018	Nouveau programme	L'UdeM propose de créer un programme de certificat en ligne de 2e cycle visant à former les enseignantes et les enseignants, ainsi que les intervenantes et les intervenants dans le domaine de la littérature et de la francisation au Nouveau-Brunswick et dans le monde. Le programme étant offert à temps partiel, il sera d'une durée de deux à trois ans, à base d'un ou deux cours par session. Pour compléter ce certificat de 2e cycle de 18 crédits, il faut compléter six cours, soit quatre cours obligatoires, un cours de l'option A et un cours de l'option B.	Sans objet	Stade I	Approuvé (24 août 2018)
Programmes en criminologie (profil avec distinction, majeure et mineure)	6 septembre 2018	Modification	L'UdeM propose des modifications à la majeure et à la mineure en criminologie. Les modifications portent essentiellement sur l'introduction d'un profil avec distinction et des modifications aux deux profils existants dans le programme de majeure. À cela s'ajoutent des modifications aux cours de criminologie (création, abolition et modification de cours).	Régional, N.-É. et I.-P.-É (offert au N.-B.)	Stade I	Approuvé avec conditions (8 mars 2019)
Programmes en sociologie (profil avec distinction, majeure et mineure)	6 septembre 2018	Modification	L'UdeM propose des modifications à la majeure et à la mineure en sociologie. Les modifications portent essentiellement sur l'introduction d'un profil avec distinction. À cela s'ajoutent des modifications aux cours de sociologie (création, abolition et modification de cours) à la mineure en sociologie et à la banque de cours OFG (objectifs formation générale).	Régional, N.-É. et I.-P.-É (offert au N.-B.)	Stade I	Approuvé (30 janvier 2019)
Baccalauréat ès arts en études françaises (plusieurs programmes)	19 novembre 2018	Modification	L'UdeM propose de modifier son Baccalauréat ès arts en études françaises. Les modifications portent sur l'introduction de trois profils : le profil linguistique, le profil littérature et le profil mixte. De plus, les étudiants qui opteront pour le profil linguistique ou pour le profil littérature pourront, dès le début de la 3e année, s'inscrire au profil avec distinction. À cela s'ajoutent des modifications aux cours de linguistique et de littérature (création, abolition et modification de cours) ainsi qu'à la banque de cours OFG (objectifs formation générale).	Régional, I.-P.-É (offert au N.-B. et en N.-É.)	Stade I	Approuvé avec conditions* (9 mars 2019)
Certificat (et mineure) en création littéraire	19 novembre 2018	Modification	L'UdeM propose la création de deux nouvelles mineures, soit la mineure en création littéraire et la mineure en sociolinguistique qui se déclineront également en certificats destinés à une clientèle à temps partiel.	Sans objet	Stade I	Approuvé (9 mars 2019)
Certificat (et mineure) en sociolinguistique	19 novembre 2018	Modification	L'UdeM propose la création de deux nouvelles mineures, soit la mineure en création littéraire et la mineure en sociolinguistique qui se déclineront également en certificats destinés à une clientèle à temps partiel.	Sans objet	Stade I	Approuvé (9 mars 2019)
Baccalauréat ès arts (majeure en anglais) (profil régulier) Baccalauréat ès arts (majeure en anglais) (profil avec distinction)	19 novembre 2018	Modification	L'UdeM propose des modifications au BA avec majeure en anglais ainsi qu'à la mineure en anglais. Les modifications portent essentiellement sur l'introduction d'un profil avec distinction à la majeure existante. À cela s'ajoutent des modifications aux cours d'anglais (création, abolition et modification de cours) ainsi qu'à la banque de cours OFG (objectifs formation générale).	Non régional	Stade I	Approuvé (30 janvier 2019)
Maîtrise en travail social à Maîtrise ès arts en travail social	25 janvier 2019	Modification	L'UdeM propose de transformer la Maîtrise en travail social avec mémoire en une Maîtrise ès arts en travail social avec thèse afin que celle-ci soit reconnue comme une maîtrise de type recherche au sein de l'institution.	À déterminer	À déterminer	À l'étude
University of King's College						
Master of Journalism (multiple programs)	18 janvier 2019	Modification	UKC is proposing major modifications to its Master of Journalism programs. Modifications include increasing the length of study (from 10-months/30ch to 18-months/33ch); opening admissions to students with a bachelor's degree in a field other than journalism (for those without related work experience, an additional 4-months/21ch of study will be required); eliminating the dedicated streams (i.e., Investigative Journalism and New Ventures); as well as modifications to course content (e.g., introduction of new courses / removal of others; introduction of electives). The modifications are proposed in response to recommendations from an external review.	À déterminer	À déterminer	À l'étude
University of New Brunswick						
Bachelor of Arts in English Language and Linguistics of English (Honours, Major, Minor) (University of New Brunswick, Fredericton)	24 mai 2018	Abolition	UNBF suspended admissions to the ELLE program in 2008-09 due to low enrolments and is now proposing its formal termination. No students are currently enrolled.	Sans objet	Stade I	Approuvé (11 juillet 2018)
Bachelor of Arts (Honours, Major, Minor) in Archaeology (University of New Brunswick, Fredericton)	24 mai 2018	Abolition	UNBF suspended admissions to the Archaeology Interdepartmental Program in February 2017. It is now proposing its formal termination. Students will still have the opportunity to complete related courses in Anthropology and in Classics; only the specifically named joint degree is being terminated.	Sans objet	Stade I	Approuvé (11 juillet 2018)
Bachelor of Science in Forest Engineering (University of New Brunswick, Fredericton)	24 mai 2018	Abolition	UNBF suspended the program in 2013 due to low enrolments. It now proposing its formal termination. No students are currently enrolled. Students have the opportunity to complete some courses previously-offered within the BScFE through the BSc in Forestry.	Sans objet	Stade I	Approuvé (27 juin 2018)

*La proposition a été modifiée à suite du processus d'évaluation du programme.

University of New Brunswick (suite)						
Bachelor of Arts, Double Major in Drama (University of New Brunswick, Fredericton)	24 mai 2018	Nouveau programme	UNBF is proposing to introduce a BA, Double Major in Drama to complement its existing Minor program. To obtain the Double Major, students complete 30ch of courses including five required courses (18ch), a thesis production and independent project (either one six credit course or two three-credit courses), and one to two electives (6ch total) chosen from a select list (e.g., Classics, English, Drama, Film, Media, Music).	Régional, I.-P.-É. (offert au N.-B. et en N.-É.)	Stade I	Approuvé avec conditions* (8 novembre 2018)
Master of Arts in Economics (addition of co-op) (University of New Brunswick, Fredericton & Saint John)	24 mai 2018	Modification	UNB is proposing the addition of a co-op option to its existing MA Economics programs (both research-based and coursework-based streams). Along with meeting existing program requirements, students would complete either a 4-month or an 8-month co-op work-term beginning in May, followed by a final academic term. For students entering the program with all prerequisites, this would extend the overall length of the program from 12 months to either 16 or 20 months.	Régional, I.-P.-É. (offert au N.-B. et en N.-É.)	Stade I	Approuvé avec conditions* (8 novembre 2018)
Master of Engineering in Technology Management and Entrepreneurship (University of New Brunswick, Fredericton & Saint John)	24 mai 2018	Modification	UNB is proposing to continue its MTME beyond the pilot period with modifications to course selection (increasing the number of required courses and reducing electives), faculty complement, and enrolment projections.	À déterminer	Stade II	À l'étude
Master of Applied Cybersecurity (University of New Brunswick, Fredericton & Saint John)	9 novembre 2018	Nouveau programme	UNB is proposing a one-year (12 month) Master of Applied Cybersecurity (MACSec) designed to enable students to explore major cybersecurity topics and learn and practice the current advanced techniques. The program consists of lecture- and lab-based courses (eight in total; seven required courses and one course chosen from a select list) as well as a capstone project that is completed through an industrial internship.	À déterminer	À déterminer	À l'étude
Master of Science in Exercise and Sport Science to Master of Science in Kinesiology (University of New Brunswick, Fredericton)	14 février 2019	Modification	UNBF is proposing to change the name of its MSc in Exercise and Sport Science to MSc in Kinesiology to better reflect the nature of the program and align with similar programs across Canada. To obtain the degree, students complete a required (6ch) research methods course, a required (3ch) statistics course, two (3ch each) electives, a (1ch) graduate colloquium, and a (18ch) thesis.	Régional, I.-P.-É. (offert au N.-B. et en N.-É.)	Stade I	Approuvé (25 mars 2019)

Master in Business Administration in Global Leadership	18 décembre 2017	Nouveau programme	UPEI is proposing a new, full-time MBA in Global Leadership to complement its existing part-time program. The degree will be offered via a cohort model of delivery beginning with a zero-credit MBA orientation module followed by two terms (fall and winter) of five six (3ch) courses each, then a final term of four courses, including an international capstone project.	Non régional	Stade II	Approuvé avec conditions* (27 juin 2018)
Interdisciplinary PhD in Sustainable Design Engineering	29 janvier 2018	Nouveau programme	UPEI is proposing a new Interdisciplinary PhD in Sustainable Design Engineering. Students will be required to complete four graduate-level courses (chosen from among seven SDE-specific courses or relevant courses offered in other UPEI PhDs) and a seminar course plus a comprehensive exam, a thesis, and a final oral thesis defense.	Sans objet	Stade II	Retiré* (24 septembre 2018)
Professional Master of Actuarial Science	6 février 2018	Nouveau programme	UPEI is proposing a Professional Master of Actuarial Science designed to be completed via a cohort model of delivery over two years (four semesters) of full-time study; a part-time option is not currently proposed. The program is intended to be a terminal master's program. Based on students' level of academic performance and average within the program, they will receive credit toward related actuarial exams through the Canadian Institute of Actuaries.	Sans objet	Stade II	Retiré* (23 janvier 2019)
Doctor of Psychology (PsyD) in Clinical Psychology	13 avril 2018	Nouveau programme	UPEI is proposing to implement a four-year Doctor of Psychology (PsyD) that would prepare graduates to practice as registered clinical psychologists. The program includes 22 required courses, three clinical practical (200 hours each), a (50 hour) community intervention practicum, a dissertation (four associated courses), and a 12month clinical internship.
