<b>Programme</b>	<b>Type de proposition</b>	<b>Description des programmes</b>	<b>Type d'évaluation</b>	<b>Décision (date, s'il y a lieu)</b>
<b>Nouveau-Brunswick</b>				
<b>Mount Allison University</b>				
Aucune proposition n'est actuellement à l'étude.				
<b>Université de Moncton</b>				
Baccalauréat appliqué en design intérieur	Nouveau programme	D'une durée de 4 ans, le programme offre une formation universitaire de base en sciences humaines et sociales, laquelle sera jumelée à la composante technique en design d'intérieur offerte au CCNB-Dieppe afin de répondre aux exigences du Conseil d'accréditation en design d'intérieur (CADI), organisme international responsable de l'accréditation des programmes de design d'intérieur. Les 1re et 4e années du programme se donneront au Campus de Moncton de l'Université de Moncton; les 2e et 3e années, au CCNB-Dieppe. L'étudiante ou l'étudiant obtiendra un diplôme collégial en design d'intérieur après la 3e année du programme et un Baccalauréat appliqué en design d'intérieur après la 4e année.	Approfondie	Approuvé sous conditions (29 novembre 2010)
Maîtrise ès arts (littérature canadienne comparée)	Nouveau programme	Le programme de maîtrise en littérature canadienne comparée vise à mettre en lumière les points de comparaison et les zones de contact interculturel (qu'ils soient historiques, symboliques, stylistiques ou autres entre les littératures de langue française et de la langue anglaise). Les étudiantes et étudiants à temps plein doivent suivre quatre séminaires sur une période d'une année universitaire. De ces séminaires, deux sont offerts par le Département d'anglais et les deux autres par le Département d'études françaises. Le Département d'anglais offrira un séminaire de deuxième cycle en « Theory of Comparative Lit. », ainsi qu'un séminaire choisi parmi les deux suivants: « Comp. Lit of Atlantic Canada » et « Themes in Canadian Comp Lit. ». Quant au Département d'études françaises il offrira deux séminaires en études littéraires consacrés soit à la littérature québécoise, soit aux littératures d'expression française du Canada.	Examen sommaire	Approuvé (18 octobre 2010)
Doctorat en psychologie, profil professionnel	Nouveau programme	Le programme proposé est destiné aux étudiantes et étudiants qui désirent faire carrière en psychologie professionnelle. Il mène à l'obtention du grade de Docteure ou Docteur en psychologie (D. Psy.) à partir d'un diplôme de premier cycle en psychologie. Le présent programme compte en tout 120 crédits répartis en trois (3) années de cours, de stages et d'activités de recherche, en plus d'une (1) année d'internat. La majeure partie des exigences de ce programme sont pertinentes au développement de connaissances et d'habiletés propres à chacune des six compétences essentielles précitées. D'autres cours obligatoires et à option portent sur les fondements biologiques, individuels, sociaux et cognitif-affectif du comportement, ceci conformément à l'Accord de reconnaissance réciproque. Le programme est d'une durée normale de quatre (4) ans et il doit être complété à l'intérieur de six (6) années. Deux années de résidence sont exigées.	Approfondie	En suspens en attendant la réponse de UdeM
Doctorat en sciences de la vie	Nouveau programme	Ce programme vise à former des chercheurs de haut calibre, capable de diriger des travaux dans les domaines prioritaires des sciences de la vie que sont l'environnement et la santé. Plus précisément, le programme de doctorat en sciences de la vie assure la formation de spécialistes dans un des deux domaines suivants: Écologie, évolution et environnement ou Biologie moléculaire, cellulaire et physiologie. La durée normale du programme est de trois (3) ans. La durée maximale de temps prévue pour compléter le programme est de sept (7) ans après l'inscription initiale.	Approfondie	En suspens en attendant la rapport de consultant externe
Certificat d'études préparatoires en musique	Modification	Il s'agit du changement de nom du programme, lequel passe du nom de « Année préparatoire en musique » au nom de « Certificat d'études préparatoires en musique ».	Examen sommaire	Approuvé (21 décembre 2010)
Certificat de deuxième cycle en technologie de l'information	Abolition	L'université propose d'abolir ce programme	Examen sommaire	Approuvé (21 décembre 2010)
Diplôme d'études supérieures en technologie de l'information - internat coopératif	Abolition	L'université propose d'abolir ce programme	Examen sommaire	Approuvé (21 décembre 2010)

**Du 14 août 2010 au 4 février 2011**

<b>Programme</b>	<b>Type de proposition</b>	<b>Description des programmes</b>	<b>Type d'évaluation</b>	<b>Décision (date, s'il y a lieu)</b>
<b>University of New Brunswick</b>				
Bachelor of Information Sciences - Software Development <i>(UNB, Saint John)</i>	New	The proposed program builds on UNBSJ's existing Bachelor of Information Sciences program where students have the opportunity to specialize in 'Decision and Business Management' or 'Decision and System's Science'. The proposed program provides a third option for specialization and can be completed entirely at UNBSJ or by completing a two-year Diploma at NBCC followed by 22 courses at UNBSJ (just over 2 years).	In-depth	Withdrawn (November 16, 2010)
BBA, Major in Marketing <i>(UNB, Saint John)</i>	New	The proposed program is a 27ch Marketing major in UNBSJ's four-year, 120ch Bachelor of Business Administration program. Students must complete five required courses, two electives from a group of marketing courses and two electives from a list of courses in a related discipline.	Cursory review	Approved (October 7, 2010)
BA, Double Major in Linguistics <i>(UNB, Saint John)</i>	New	The proposed program is one component of a Double Major, completed as part of a four-year, 120ch degree program. The Linguistics part of the Double Major requires 30ch, which can be fulfilled over two years.	In-depth	Pending response to AAC
Bachelor of Science, Major in Economics Bachelor of Science, Honours in Economics <i>(UNB, Fredericton)</i>	New	UNBF is proposing a 126ch, four year Bachelor of Science degree with a 42ch Major or a 48ch Honours in Economics. Students will also complete the required 63ch Science core as well as electives (21ch for students in the Major, 15ch for students in the Honours program).	Cursory review	Approved (September 30, 2010)
Certificate in Ethics <i>(UNB, Fredericton)</i>	New	The primary objective of the proposed Certificate is to respond to the needs of full-time and part-time students at UNB who are interested in developing and demonstrating competency in theoretical and applied ethics. The Certificate will comprise eighteen (18) credit hours and will be offered in the following four areas of concentration: Ethical Theory, Health Ethics, Business Ethics, and Environmental Ethics. Students are required to take three (3) elective courses in their area of concentration, including one 3000-level course.	Cursory review	Approved (January 10, 2011)
Modification: Master of Education, Educational Foundations to be separated into two fields: (a) Educational Administration (b) Exceptional Learners <i>(UNB, Fredericton)</i>	Modification	The proposed modification is submitted as a name change only.	Cursory review	Approved (November 10, 2010)
Name Change: Master of Education, Educational Administration to Master of Education, Educational Administration and Leadership <i>(UNB, Fredericton)</i>	Modification	The proposed modification is submitted as a name change only.	Cursory review	Approved (November 10, 2010)
Master of Applied Computer Science <i>(UNB, Fredericton &amp; Saint John)</i>	New	not available	To be determined	Pending receipt of comments through the distribution process
<b>St. Thomas University</b>				
Aucune proposition n'est actuellement à l'étude.				
<b>Yorkville University</b>				
Master of Education <i>(proposal submitted under the NBDGA)</i>	New	The proposed program is a Master of Education program with four streams (Educational Leadership, Inclusive Education, Adult Education and Guidance and Counselling). The Educational Leadership, Inclusive Education and Adult Education streams require 36 credits and can be completed in two years (6 trimesters). Each stream includes a 6 credit major research paper or a 6 credit supervised practicum. the Guidance and Counselling stream requires 48 credits, including 2 three-credit practicum courses and can be completed in less than three years (8 trimesters). The objective of the proposed programs is to prepare students for a specialized field of educational practice. Those already involved in the field will be able to extend their professional knowledge and skill.	NBDGA	Pending response to AAC

<b>Programme</b>	<b>Type de proposition</b>	<b>Description des programmes</b>	<b>Type d'évaluation</b>	<b>Décision (date, s'il y a lieu)</b>
Bachelor of Business Administration <i>(proposal submitted under the NBDGA)</i>	New	The proposed program is oriented toward working adults interested in broadening and developing skills in business management. To earn the BBA degree, students complete 120 study credits, including 36 three-credit courses delivered online, two project-based courses (three credits each) and a final business plan (six credits). The program can be completed on either a full-time or a part-time basis and students will have the option of completing the program with Honours.	NBDGA	Pending site visit in 2011
<b>Nouvelle-Écosse</b>				
<b>Acadia University</b>				
Bachelor of Computer Science with Specialization in Game Development  <i>Includes termination of the BCS, Specialization in Business Information Processing</i>	Modification	Acadia is proposing a 36h specialization in Game Development within its existing Bachelor of Computer Science with Specialization program; the proposed program will replace the Business Information Processing Specialization. Students will be required to complete the 54h BCS core, 21ch of specialty courses, 15ch of additional courses as well as a game development project. Students also have the option to participate in the co-op program.	Cursory review	Approved (September 30, 2010)
Bachelor of Computer Science with Specialization in Mobile and Ubiquitous Computing  <i>Includes termination of the BCS, Specialization in Computer Systems: Software</i>	Modification	Acadia is proposing a 36h specialization in Mobile and Ubiquitous Computing within its existing Bachelor of Computer Science with Specialization program; the proposed program will replace the Software Specialization. Students will be required to complete the 54h BCS core, 24ch of specialty courses, 12ch of additional courses as well as a mobile and ubiquitous computing project. Students also have the option to participate in the co-op program.	Cursory review	Approved (September 30, 2010)
Bachelor of Business Administration, Major in Employment Relations	New	not available	To be determined	Pending response to comments
Bachelor of Business Administration, Major in Finance	New	not available	To be determined	Pending receipt of comments through the distribution process
<b>Atlantic School of Theology</b>				
Aucune proposition n'est actuellement à l'étude.				
<b>Cape Breton University</b>				
Bachelor of Arts (three-year), Concentration in Ethnomusicology	New	CBU is proposing to offer a Concentration in Ethnomusicology in which students complete a minimum of 30 credits in ethnomusicology courses (nine compulsory; 21 elective).	In-depth	Approved with conditions (September 20, 2010)
<b>Dalhousie University</b>				
Masters in Journalism (with two streams: Investigative and New Ventures)  <i>(offered in partnership with University of King's College)</i>	New	The proposed program is offered jointly by Dalhousie and the University of King's College and is designed to be completed in a 10-month period. Students complete the 30ch full-time program in either one of two streams: Investigative and New Ventures. Both streams conclude with a project and both are built around a core of classes in the craft and economics of multimedia, multiplatform journalism. All classes in the Investigative stream will be offered at UKing's; six of the eight classes for the New Ventures stream will be offered at UKing. Two classes in the New Ventures Stream are delivered through Dalhousie's Faculty of Management.	To be determined	Cursory review in progress
Name change: Bachelor of Laws to Juris Doctor	Modification	The proposed modification is submitted as a name change only.	To be determined	Pending receipt of comments through the distribution process
<b>Mount Saint Vincent University</b>				
Bachelor of Applied Arts (Family Studies and Gerontology)	Termination	MSVU is proposing to terminate this program.	Cursory Review	Approved (October 12, 2010)
Bachelor of Applied Arts (Honours) (Family Studies and Gerontology)	Termination	MSVU is proposing to terminate this program.	Cursory Review	Approved (October 12, 2010)

<b>Nova Scotia Agricultural College</b>				
Certificate in Technology Education <i>(Certificate of Upgrade for Nova Scotia Teachers)</i>	New	The proposed program is a 2.5-5 year, part-time 30ch Certificate in Technology Education for public school teachers who teach technology education. Two courses are taken via distance education at Acadia University. It is a bachelor's level certificate recognizing upgrades in content knowledge and pedagogy related to technology education at the high school level. Upon completion, a Certificate of Upgrade for Nova Scotia teachers is the credential awarded.	In-depth	Pending assessment by the MPHEC at its February 2011 meeting
<b>Nova Scotia College of Art and Design University</b>				
Post-Baccalaureate Certificate in Design	New	The objective of the proposed one year, 30-credit program is to prepare students to enroll in the Master of Design program at NSCAD. It is intended to be a generalist design credential for students who require further preparation for Master's level work. The proposed program is composed of both Studio (21 credits) and Liberal Arts (9 credits) courses and provides a "design language" ESL component for those who need it. The majority of students entering this program will be international students.	In-depth	Approved with conditions (November 29, 2010)
<b>Saint Mary's University</b>				
Bachelor of Environmental Studies	New	The proposed Bachelor of Environmental Studies is designed to prepare students for work related to environmental issues – from natural resource management and protection, to sustainable economic planning and development for the protection and preservation of the environment. Students will be required to 120ch of courses including foundation courses, core Environmental Studies courses, courses within a thematic area as well as selected and free electives. As part of the required ES coursework, students complete 2 capstone courses in the fourth year of the program that provides an applied orientation to environmental policy and practice.	Cursory review	Approved (August 17, 2010)
PhD in International Development	New	not available	To be determined	Pending response to comments
<b>St. Francis Xavier University</b>

<b>Université Sainte-Anne</b>				
Maîtrise en éducation	Modification	L'Université Sainte-Anne propose une modification du programme « Maîtrise en Éducation (enseignement du français langue seconde) » afin d'y ajouter un nouveau volet « enseignement du français langue maternelle ». Les deux volets du programme « Maîtrise en éducation » de 30 crédits seraient offerts à temps partiel seulement sur une période de trois ans et demi.	Approfondie	En suspens en attendant la réponse de l'U.S.-A.
Baccalauréat en gestion - Option Services communautaires (Services aux adultes et services aux enfants et aux adolescents)	Nouveau programme	Les deux premières années de ce baccalauréat correspondent au programme « Techniques d'intervention en services communautaires » offert au CCNB – Campus de Campbellton. Pour satisfaire aux exigences du baccalauréat, les étudiants devront compléter deux années (3e et 4e années) d'études à l'Université Sainte-Anne, soit un total de 69 crédits répartis sur 4 sessions d'études. Les deux années de formation offertes à l'université permettront aux étudiants d'acquérir une formation axée sur la pratique de la gestion et plus spécialement celle du management.	Approfondie	Retiré (20 janvier 2011)
<b>Île-du-Prince-Édouard</b>				
<b>University of Prince Edward Island</b>				
Name Change (and modification): Bachelor of Education Specialization in Teaching French Immersion to Bachelor of Education (enseignement en français)  <i>(now a Bachelor of Education (français langue seconde))</i>	Modification	UPEI is proposing to modify its existing Bachelor of Education (Teaching French Immersion), offered in partnership with the Université de Moncton, to be offered entirely at UPEI. The University is also proposing to change the name of the program to a <i>Bachelor of Education (Enseignement en français)</i> . The proposed program requires that students complete 20 courses and a 21 week practicum over two years of study. Students have the option of focussing their studies on one of three streams: Early Years, Middle Years and Senior Years. In the Early and Middle Years streams, students will take 80% of their courses in French; whereas, students in the Senior Years stream will take 75% of their courses in French. The primary objective of the proposed program is to prepare future teachers of French Immersion, Core French and Intensive French.	In-depth	Pending assessment by the MPHEC at its February 2011 meeting
Bachelor of Education (Kindergarten) French component	New	The French version of the program is anticipated to mirror the English version of the BEd (Kindergarten) which was approved in April 2010.	In-depth	Pending assessment by the MPHEC at its February 2011 meeting
Bachelor of Science (Kinesiology)	New	The proposed program is a four-year, 120ch Bachelor of Science in Kinesiology designed to prepare students to work with individuals and communities to achieve optimal health and quality of life. Students may opt to take courses from Holland College's Sport and Leisure Management program as electives which may lead to professional certifications.	In-depth	Approved with conditions (September 20, 2010)
PhD in Molecular and Macromolecular Sciences	New	The proposed program is a full-time, research intensive Doctor of Philosophy degree administered by the Faculty of Science under the umbrella of the Molecular and Macromolecular Sciences research constellation, along with an additional business specialization. The PhD degree, while focused on gaining expertise in a narrow research field, will be obtained in conjunction with a Graduate Certificate in the Business of Science (GCBS). This GCBS provides a value-added component to the degree, giving students training in the language of business and the particulars of applying business ideals to the products of scientific research. Students must complete 9ch of MMS courses and 9ch of Business courses, a 6ch capstone course, a candidacy exam, and a PhD thesis.	In-depth	Pending response to AAC ( <i>letter being drafted</i> )

**Du 14 août 2010 au 4 février 2011**

Nota : Les renseignements concernant les programmes sont fournis dans la langue de l'établissement.

<b>Programme</b>	<b>Type de proposition</b>	<b>Description des programmes</b>	<b>Type d'évaluation</b>	<b>Décision (date, s'il y a lieu)</b>
PhD in Environmental Sciences	New	The proposed PhD in Environmental Sciences is a four- to seven-year interdisciplinary, research-oriented program with supplementary non-traditional training and certification in <i>Environmental Communication Strategies</i> . A research dissertation and a core set of environment-oriented courses will constitute the foundation of each student's program, both of which will be complemented with an array of elective courses. The program also includes a 75-hour internship.	In-depth	Pending response to AAC ( <i>letter being drafted</i> )
Certificate in Human Resources Management	Termination	The university is proposing to terminate this program.	Cursory review	Approved (February 2, 2011)
